

Unit 2: Awesome animals

Animal body parts

Lesson 2-1
Book pages 40-42

💡 **Big idea:** Animals have special **body parts** that help them live: **beaks**, **whiskers**, **spines**, **scales**, **fins**, **paws**, **claws**, **flippers**, **horns**, **humps** and **antennae**.

🎯 **I will learn:**
- Learn 12 words for animal body parts
- Read the WOW! Quiz and guess the animals
- Describe an animal so my partner can guess it

📖 Key words

beak منقار	**tongue** لسان	**hump** سنام	**whiskers** شوارب (الحيوان)
antennae قرون الاستشعار	**spines** أشواك	**scales** حراشف	**fin** زعنفة
paws أقدام (مخالب الكف)	**claws** مخالب	**flippers** زعانف السباحة (للفقمة والسلحفاة)	**horns** قرون

Which animals have ...?

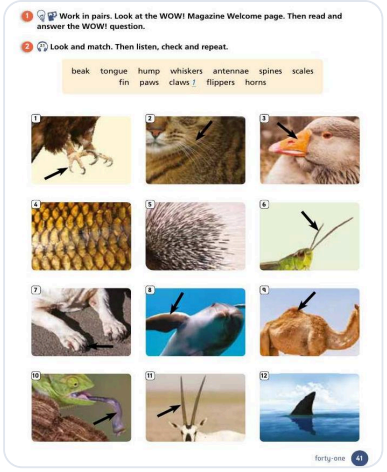

- **scales**: fish, snakes, crocodiles, lizards
- **a beak**: birds like eagles, ducks, parrots
- **a hump**: camels (Arabian camels have one hump)
- **spines**: hedgehogs
- **antennae**: insects like bees and grasshoppers
- **horns**: oryx, goats
- **flippers**: seals and turtles

WOW! Quiz answers

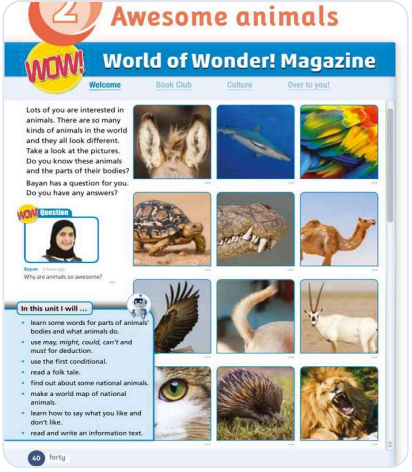

- A big animal, about two metres high, that lives in the desert and can go for days without water → a **camel**
- Animals with huge eyes, long whiskers and flippers that stay under water for two hours → **seals**
- Animals in the pond with a beak and beautiful green heads → **ducks**
- Very small, important for plants, six legs, striped body, four wings, five eyes and two antennae → **bees**

Useful language

- It has scales and a long tongue.
- It can swim / fly / run fast.
- It lives in the desert / the sea / the forest.

Animal body parts (Class Book p.41)

Awesome animals: the WOW! Magazine page (p.40)

✏️ Examples

It has a hump and lives in the desert.

Answer: It's a camel.

It has spines and small paws.

Answer: It's a hedgehog.

It has antennae, six legs and wings.

Answer: It's an insect, e.g. a bee.

⭐ Remember

- Plural forms: antenna → **antennae**, paw → paws, claw → claws
- Group words by animal type to remember them (birds, fish, insects)

⚠️ Watch out

- ✗ a camel has two humps (in Oman) ✓ Arabian camels have one hump
- ✗ a fish has flippers ✓ a fish has fins

🧩 **Activity:** Play a guessing game: It has scales and a long tongue. Is it a snake?

✅ Check yourself

1. What does a bird use to eat?
2. Which animal has spines?
3. What do insects use to smell?
4. Which body part helps a fish swim?

Answers: (1) its beak ، (2) a hedgehog ، (3) antennae ، (4) fins
