Unit 2: Awesome animals

🤔 Team Talk: may, might, could, can't, must

Lesson 2-2
Book pages 43-45

💡 **Big idea:** We use **modals of deduction** to guess: **must** = we are sure it's true, **can't** = we are sure it's not true, **may / might / could** = we are not sure.

🎯 **I will learn:**

- Read the Team Talk dialogue about finding an animal
- Use may, might, could, can't and must to guess
- Use the expressions It's so cute!, Watch out! and Wow!

📖 Key words

must لا بد (متأكد أنه صحيح)	**can't** مستحيل (متأكد أنه غير صحيح)	**might** ربما	**may** قد / ربما
could من الممكن	**deduction** استنتاج	**hedgehog** قنفذ	**Watch out!** انتبه!

The dialogue

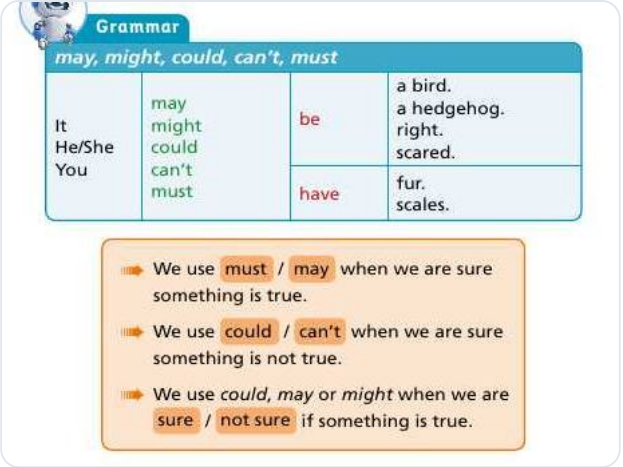

- Emily, Bayan and Nawal look for animals in the forest
- It can't be a bear. Bears don't live here.
- It could be a bird. Listen, I can hear birds.
- It can't be a snake. It doesn't have scales.
- It has spines, so it **must be** a hedgehog!
- Don't touch it. It **may be** scared.

Form

- modal + **be** + noun/adjective: It might be a bird. It must be scared.
- modal + **have** + noun: It could have fur. It can't have scales.
- No -s after modals: It must be (not It musts be)

How sure?

- 100% yes → **must**
- maybe → **may / might / could**
- 100% no → **can't**

Grammar table: may, might, could, can't, must (p.44)
