

Unit 3: Let's explore!

Frankincense Land and life in space

Lesson 3-3
Book pages 64-69

💡 **Big idea:** We read about **Frankincense Land** in Oman, about **life on the International Space Station**, and practise **giving personal information** to join a club.

🎯 **I will learn:**

- Read about frankincense and ancient places in Oman
- Read about astronauts on the ISS
- Give personal information
- Write a blog post

📖 Key words

frankincense اللبان	**ancient** قديم أثري	**port** ميناء	**ruins** أطلال آثار
astronaut رائد فضاء	**date of birth** تاريخ الميلاد	**join** ينضم	**club** نادٍ

Frankincense Land

- Frankincense comes from trees and smells very nice.
- In the past, people used it for perfume and medicine.
- More than 2,000 years ago, people sold frankincense to countries around the world.
- Al Balid and Khawr Ruri became important ports.
- Frankincense trees grow in Wadi Dawkah in the south of Oman.

Life on the ISS

- The ISS is a satellite. It goes around the Earth once every 90 minutes.
- Astronauts do experiments and fix the station.
- They need to exercise for two hours a day to keep their muscles strong.

Giving personal information

- I'm interested in joining the Space Explorers Club.
- How do you spell your last name? H-A-R-P-E-R.
- What's your date of birth? 23/2/13.
- What's your home phone number?

Frankincense Land in Oman

✏️ Examples

Where do frankincense trees grow in Oman?

Answer: In Wadi Dawkah in the south of Oman.

Why do astronauts exercise?

Answer: To keep their muscles strong.

⭐ Remember

- When you spell names, say each letter clearly

⚠️ Watch out

- Bat is an ancient place in Al Dhahirah, the buildings are about 5,000 years old, not 50 years

🧩 **Activity:** Make a class book of ancient places in Oman

✅ Check yourself

1. Arabic of 'frankincense'?
2. How often does the ISS go around the Earth?
3. Name an ancient port in Oman
4. How long do astronauts exercise?

Answers: (1) اللبان ، (2) every 90 minutes ، (3) Al Balid or Khawr Ruri ، (4) two hours a day
