Unit 3: The future is now

Switch on & Unit check: Technology helps everyone

Lesson 3-6
Book pages 46-48

💡 **Big idea:** In the video **Technology helps everyone**, we see how technology improves **health**: telemedicine, smartwatches, 3D printing, cochlear implants and drones. We design a **new technology for health** and **review** Unit 3.

🎯 **I will learn:**
- Watch a video about technology and health
- Learn health-technology words
- Research and design a new technology for health
- Review the grammar and vocabulary of Unit 3

📖 Key words

telemedicine الطب عن بعد	**healthcare** الرعاية الصحية	**patient** مريض	**heartbeat** نبض القلب
cochlear implant زراعة القوقعة	**drone** طائرة مسيّرة	**3D printing** الطباعة ثلاثية الأبعاد	**comfortable** مريح
hard to reach يصعب الوصول إليه	**track** يتتبع		

Technology helps everyone

- **Telemedicine** lets people talk to doctors without going to a hospital or clinic
- **Wearable devices** like smartwatches can count steps, check heartbeat and track sleep
- **3D printing** is also improving healthcare
- A **cochlear implant** changes sounds into signals and sends them to the hearing nerve
- **Drones** can carry blood and medicine to places that are hard to reach

Project: a new technology for health

- Research technologies that already exist: what services do they provide?
- Think of a health problem that technology might be able to help
- Write a short description of your technology and three reasons why it is useful
- Present it and vote for the best technology

Unit 3 review

- Future forms: will, be going to, present continuous, present simple
- Advice and suggestions: should, ought to, why don't you, how about, shall
- Technology in the home and phrasal verbs
- Smart homes words: AI assistant, app, battery, device, robot, system

LESSON 8

UNIT CHECK

Wordlist

Technology in the home p41
air conditioning (*n*)
coffee maker (*n*)
dishwasher (*n*)
fridge-freezer (*n*)
kettle (*n*)
microwave (*n*)
speaker (*n*)
TV (*n*)
washing machine (*n*)

Phrasal verbs p41
come on (*phr v*)
go off (*phr v*)
plug (the printer) in (*phr v*)
set up (a new device) (*phr v*)
switch (the TV) off (*phr v*)
switch (the light) on (*phr v*)
turn (the volume) down (*phr v*)
turn (the sound) up (*phr v*)

Smart homes p41
AI assistant (*n*) p43
app (*n*)
battery (*n*) p42
central heating (*n*)
click (*v*)
device (*n*)
download (*v*)
icon (*n*)
machine (*n*)
robot (*n*) p43
smart speaker (*n*) p39
system (*n*)

Other
challenge (*n*) p39
consume (*v*) p39
create (*v*) p39
digital (*adj*) p39
earphones (*n*) p42
games controller (*n*) p42
headphones (*n*) p42
hologram (*n*) p40
interactive (*adj*) p39
lifelike (*adj*) p39
platform (*n*) p39
predict (*v*) p42
preference (*n*) p39
produce (*v*) p39
regularly (*adv*) p39
screen (*n*) p42
smart watch (*n*) p42
social media (*n*) p38
tablet (*n*) p42
transform (*v*) p39
version (*n*) p39
virtual reality (*n*) p38

Unit 3 wordlist

✏️ Examples

How can drones help in healthcare?

Answer: They can carry blood and medicine to places that are hard to reach.

A: Are you OK? B: No. Look at the time! I ___ late!

Answer: 'm going to be

⭐ Remember

- Revise future forms with the Grammar file on page 56.
- Think: how could technology help people in your village or town?

⚠️ Watch out

- ✗ I will meet Alice tonight (arranged). ✓ I'm meeting Alice tonight.
- ✗ What we do on Saturday? ✓ What shall we do on Saturday?

🧩 **Activity:** In groups, design a new technology that can be used to improve health around the world and present it

✅ Check yourself

1. What is telemedicine?
2. What can drones carry?
3. What can smartwatches do?

Answers: (1) talking to a doctor without going to a hospital ، (2) blood and medicine ، (3) count steps, check heartbeat and track sleep
